Acoustic First

SAN JOE

Verse:

Sunshine! Won't cha keep on shinin'.
Sunshine! Won't cha keep on shinin'.

Pretty Sun don't go away.
You're all I got to light my day.

Chorus:

Oh, Sunshine don't you know.
You're all I have in San Joe.

Verse:

Sunshine! Won't cha keep on shinin'.
Sunshine! Won't cha keep on shinin'.

Pretty Sun don't say goodbye.
You're all the light left in my life.

Chorus:

Oh, Sunshine don't you know.
You're all I have in San Joe.

Verse:

Sunshine! Won't cha keep on shinin'.
Sunshine! Won't cha keep on shinin'.

Pretty Sun don't leave me now.
You're all the light left anyhow.

Last Chorus:

Oh, Sunshine don't you know.
You're all I have...
You're all I have...
You're all I have...
You're all I have...
You're all I have...
You're all I have...
You're all I have in San Joe.

Acoustic First

WALTZIN' MY WAY HOME

It had been a long evenin'
I couldn't forget
And I was feelin' mighty low
Waltzin' My Way Home.

The moon was shinin' bright
On a 2 o'clock night
And I was wonderin' where I should go
Waltzin' My Way Home.

Bridge:
We had said goodbye about 8 o'clock.
We said it was the end
But I never stopped
To give it a thought
Because you're my wife-And my life!

But drinkin' never helped anyone
With love's fatal blows
But I'm still
Waltzin' My Way Home.

Bridge:
We had said goodbye about 8 o'clock.
We said it was the end
But I never stopped
To give it a thought
Because you're my wife-And my life!

But drinkin' never helped anyone
With love's fatal blows
But I'm still
Waltzin' My Way Home.

Acoustic First

WE WILL BE

Lady Lover. I call to you.
Nobody else can make me feel like you do.
My only lady. My world of pride.
I swear I need you always by my side.

And when your vision gets cloudy
I want you to know there is me.
And when your love is in doubt
I want you to see.

Chorus:
Oh, That We Will Be
When other loves are over. You will see
The love we have will last through time-Infinitely.
Oh, We Will Be
Like the sun in the mornin' and the moon at night.
The love we have will last through time-Just you and me
Oh, We Will Be.

Hold me closely. Say you're mine.
Tell me the love is real this time.
Last forever my lady true.
Change my world from dark black to blue.

And when my feelings stray
I want you to hold my hand.
And tell me you're mine,
And make me understand.

Chorus:
Oh, That We Will Be
When other loves are over. You will see
The love we have will last through time-Infinitely.
Oh, We Will Be
Like the sun in the mornin' and the moon at night.
The love we have will last through time-Just you and me
Oh, We Will Be.

We will last together a lifetime.
We will always find love to share...

Chorus:
Oh, That We Will Be
When other loves are over. You will see
The love we have will last through time-Infinitely.
Oh, We Will Be
Like the sun in the mornin' and the moon at night.
The love we have will last through time-Just you and me
Oh, We Will Be.

Acoustic First

ENTIRELY

Verse #1:

How long have you been runnin' like a scared child?
Throwin' your paper dolls away
For the last time, So you say?
Has it all been a fling?
Do you wish you could just forget Entirely?

Verse #2:

How long have you been runnin' out of my life
Causin' me nothin' but pain?
Do you just want to say goodbye?
Has it all been a dream?
Do you wish you could just forget Entirely?

Verse #1:

How long have you been runnin' like a scared child?
Throwin' your paper dolls away
For the last time, So you say?
Has it all been a fling?
Do you wish you could just forget Entirely?

Acoustic First

I MISS MY OLD LOVE

She used to paint my walls a funny color.
She used to call to tell me no one's home.

Can you see a man growing older?
Older everyday.
Changing his mind, over time.

Acoustic First

MUST GO ON

Open your eyes to something new.
You've been living your life for someone who'll
Treat you wrong time and time again.

It's not my business to try
To own your feelings inside.
Well, I'm only trying to help your heart mend.
Help you mend.

Don't tell me that he is true.
You're not lying to a fool.

Bridge:
Broken hearts and 'You done me wrongs'
Are part of life, but We Must Go On.
We Must Go On. We Must Go On...

Chorus:
We Must Go On.
Oh, We Must Go On.
We Must Go On.

Day after day in lonely cries.
You'll be fooling yourself with only sighs.
You can't try to win at 'The Game'.

He's not wanting anyone at all.
He's not even waiting for your call.
You'll never ever be the same.
Be the same.

Oh, Let me clear your way
When I only say...

Bridge:
Broken hearts and 'You done me wrongs'
Are part of life, but We Must Go On.
We Must Go On. We Must Go On...

Chorus:
We Must Go On.
Oh, We Must Go On.
We Must Go On.

SKETCH

Verse #1:

This is a Sketch of you
I want you to know
This is a Sketch of you
A simple Sketch just to show
That I am aware
That you looked into my eyes
And saw me staring at you.

Verse #2:

Stand Alone
I've seen the person that you see
You think he loves you true
That's what you truly must believe
But I am aware
That you looked into my eyes
And saw me staring at you.

Chorus:

A Sketch of you
A Sketch of you
A Sketch of you.
Entering my life once more.
Entering my life once more.
A Sketch of you.

Acoustic First

ASK YOU OVER

Verse:

You are so much older and wiser than I

Afraid to call. Afraid to cry.

Lasting, they say, is a love full of lies.

A love that's not a suicide.

Falling Again. Again...Again...Again...Again...Again...Again...

Losing Again. Again...Again...Again...Again...Again...

Chorus:

She'll Ask You Over

She'll Ask You Over

She'll Ask You Over

She'll Ask You Over.

Acoustic First

THE DIRECTION

A simple world I have found.
A place where Music always fills the air.
Oh, Harmonies, Melodies always are bright. Everywhere! Everywhere!
A day is never blocked by rain or grey skies.
Happiness is always in sight.
A world full of rainbows and love's in the air. Everywhere! Everywhere!

Verse #1:

Listen to the 'pitter-patter' ringing out.
A song coming through from the land of the elsewhere.
It has a time and a rhythmic feel
And so who cares because it's real.
And even though it takes a simple melody
To make the song complete.
A tone follows through in the rhapsody
And moves you from your seat. You start to tap your feet.

Verse #2:

Listen to the song and its easy swing.
'Where is this place? And how can I go there?'
A happy tune with a definite ring.
Come on along. Join hands and sing.
But take me to this magic land
Where Music always fills the air.
A place where people understand
And who really care, and love to share
A Song!

The Direction.

Acoustic First

KNOWING THAT I CAN'T HAVE YOU

Happiness taking me nowhere. I'm only staying in one place.
Wishin' that I could only remember your face.
Though it's hard for me to forget who you really are.
I'm only fated by hope knowing that I won't get far...
But I think back to how things were before
When our love just had begun. I remember how it was when
Our hearts were one.

Dreams taking me nowhere. I'm only lost within.
Hopin' that somewhere that we might restart or begin
Another love that's bounded twice as strong.
Where feelings are understood lasting twice as long...
But I know that you belong to him. You're his and you're not mine
But I'll be here always for you only finding that I'm blind. I'm blind...

Chorus:
Knowing That I Can't Have You is tearing me apart.
Knowing that I'll never know how you feel deep within.
Deep within your heart.

Hopes taking me nowhere. I'm only taking up my time.
Though I'd take it all back only to find
That these memories are only of happiness or hate.
I'm only seein' if...Maybe I'm too late...
But to see you again as only a friend is hard for me to take
But to lose you for eternity would only be my mistake. My mistake...

Chorus:
Knowing That I Can't Have You is tearing me apart.
Knowing that I'll never know how you feel deep within.
Deep within you heart.

Bridge:
I'm aware that I tried close you in
Something one could never ask for.
Remember my love for you never died. It's only been stored.
If you can only remember back. It was yours
It was your love that died. I cried...

Chorus:
Knowing That I Can't Have You is tearing me apart.
Knowing that I'll never know how you feel deep within.
Deep within your heart.

Acoustic First

ARE YOU SPINNING?

Morning rain falls on my windshield.
Dancing water. Falling sprinkles.
Illness guides me downward slowly.
'Dancing Dolphins Dance Home Joyfully.'

Chorus:
Are You Spinning?
Are You Spinning?

Friends today and gone tomorrow.
Chances are you may go onward.
No one knows you. Where can you go?
You go! I go! Who knows? Maybe me?

Chorus:
Are You Spinning?
Are You Spinning?

Chorus:
Are You Spinning?
Are You Spinning?

Acoustic First

HEAR THE WORDS

Verse:

Nobody hears the words to the music.
Nobody hears the words I sing at all.
Nobody hears the words to the music anymore.
Nobody hears the music anymore.

Verse:

Nobody hears the words to the music.
Nobody hears the words I sing at all.
Nobody hears the words to the music anymore.
Nobody hears the music anymore.

Bridge:

Do you hear the words that I'm singin' to you?
They say nobody hears my music anyway.
Hear The Words.

Verse:

Nobody hears the words to the music.
Nobody hears the words I sing at all.
Nobody hears the words to the music anymore.
Nobody hears the music anymore.

Acoustic First

WHO WILL SAVE ME?

Today I lie.
Tomorrow I cry.
Tomorrow I say...
Who Will Save Me?

Tomorrow I sigh.
Tomorrow I say.
Today I die...
Who Will Save Me?
